- ┌ Storage cabinet put in a system
- ┌ Spacious storage
- ┌ High quality for daily use
- ┌ Shelves can be moved per. 32 mm
- ┌ Stylish design
- ┌ Easy to clean

STORAGE CABINET FOR STORAGE

In the storage cabinets, the space is optimally utilized with removable shelves or our DIN FlexModul®, which can be used for high flexibility and logistics systems in storage.

The interior design system DIN FlexModul® is the result of intensive development work to achieve maximum flexibility and systematic and safe storage with good clarity and order.

Our modular tray / baskets system can be used wherever optimized space usage and tidyness are required, and the system can be moved between cabinets, storage racks and mobile transport units.

Storage cabinets are offered with standard locks or system locks that fit the desired locking plan.

The cabinets are designed to withstand intensive use, and we therefore provide 10 year warranty on the hinges.

Wide program

STORAGE CABINATS comes with a wide range of different interior design solutions, fronts and drawer hoods that fit exactly the desired function for the cabinet.

The cabinet modules can be equipped with the DIN FlexModul system. This results in a greater efficiency in storage and a significantly better overview of the contents of the cabinets.

Trays are prepared for dividing rooms that attach the modules with ClipOn. They can be adjusted in intervals of 10 and 20 mm.

Likewise, the system includes sliding room divider that can be placed in all positions.

The pull-out trays can also be equipped with end stops and fixation of the pull-out.

Storage for DIN modules

FlexModul® stands for modular flexibility and high quality for absolutely clean storage units, for 60 cm wide cabinet modules.

Separator compartment is easily attached to the ClipOn fastening module and can be adjusted in intervals of 10 and 20 mm. Likewise, sliding room divisions can be offered in all positions.

The trays and baskets can of course be equipped with end stops for fixed withdrawals. It is also possible to add its own touch on the slopes, and baskets with text or company logo.

Advantage

- Separate rooms can be adapted to the content
- Integrated drawer stop
- Leakage secured
- Low weight
- ABS plastic, scratch resistant and shockproof
- Temperature resistant from -40 ° C to + 70 ° C
- Large selection of sharing options.

Fronts

- Highpressure laminate
- Compact laminate
- Linolium
- Corian

Glass cabinet fronts

- Natural anodised 20 mm aluminum frame with 110° hinges
- White powder coated 20 mm aluminum frame with 110° hinges
- Laminate 60 mm frame with 270° hinges
- Laminate 60 mm frame concealed 110° hinges

Handles

- Standard logistics aluminum handles with inclined surface for for example Dymo strips. Width 190 mm
- Handle in brushed stainless steel. Width 160 mm
- Handle in matt aluminium. Width 160 mm
